

Margan RESTAURANT

We are now proud to own around 300 acres of quality vineyards, which produce the fruit for all Margan Wines.

The majority of these are old, low yielding vines grown here in the Broke Fordwich sub-region of the Lower Hunter Valley. They produce single vineyard wines that are true expressions of the climate and soil that is unique to our small sub-region. All wines are made on site here at the winery in Broke.

Along with the current vintages of each variety I have selected some older vintages from my own cellar, which are drinking well right now.

*I have also included our Limited Release **White Label** wines. These are only selected from great vintages and are made in small volumes for the exclusive availability of our guests at Margan.*

Enjoy these wines with your meal here in the Restaurant. They are served to you in beautiful glassware and are all at cellar door prices!

*Cheers,
Andrew Margan
Winemaker*
