

The logo for Margan Restaurant features the name 'Margan' in a large, elegant, cursive script. A small, detailed illustration of a grapevine with leaves and a cluster of grapes is positioned at the base of the letter 'a'. To the right of 'Margan', the word 'RESTAURANT' is written in a smaller, all-caps, serif font.

*We are now proud to own around 300 acres of quality vineyards, which produce the fruit for **all Margan Wines.***

The majority of these are old, low yielding vines grown here in the Broke Fordwich sub-region of the Lower Hunter Valley. They produce single vineyard wines that are true expressions of the climate and soil that is unique to our small sub-region. All wines are made on site here at the winery in Broke.

Along with the current vintages of each variety I have selected some older vintages from my own cellar, which are drinking well right now.

*I have also included our **Limited Release White Label Wines.** These are only selected from great vintages and are made in small volumes for the exclusive availability of our Margan guests.*

Enjoy these wines with your meal here in the Restaurant. They are served to you in beautiful glassware and are all at cellar door prices!

*Cheers,
Andrew Margan
Winemaker*

BEER

I really enjoy drinking foreign beers in foreign countries but I am not a fan of the food miles required to ship those beers to Australia when we make so many good beers ourselves.
