

It is hereby recognised that

Margan Family Wines

Is a Green Table Australia Certified Business.

This certification acknowledges that Kitchen Sanitarium is undertaking the following practices in water, waste, energy and supplies management to reduce their impact on the environment:-

- *Recycling all paper material, glass, plastic & metal*
- *Sending food waste to compost or green waste*
- *Using appropriate stock management techniques to reduce waste in general*
- *Using natural gas to run stoves and ovens (where gas is used); or using a minimum of 20% green electricity, or offsetting a minimum of 20% of electricity through carbon offsetting*
- *Using energy efficient light globes*
- *Using water efficient taps, faucets and toilets*
- *Using biodegradable & non-toxic cleaning products*
- *Using products that can be recycled and are biodegradable wherever possible*
- *Using products that are made from recycled materials wherever possible*
